

ASIF NAWAZ

FRONTEND REACT DEVELOPER | WEB DEVELOPER | DIGITAL MARKETING

PROFESSIONAL SUMMARY

Frontend Developer pursuing a BS in Software Engineering (2023-Present) at GCU Faisalabad, with expertise in building responsive, modern web applications, e-commerce platforms, and interactive tools using React, Next.js, TypeScript, and Tailwind CSS.

Hands-on experience across freelance client work, a Frontend & Full Stack Developer internship at ColdAlpha, and frontend training in React & Tailwind CSS with Bano Qabil Sahiwal, alongside a background in Digital Marketing, SEO, and Meta/Google Ads.

Combines technical excellence with a strong eye for UI/UX, delivering clean, performant, and business-focused digital solutions.

EXPERIENCE

Frontend & Full Stack Developer Intern ColdAlpha

June 2026 - August 2026

- Built and maintained responsive web interfaces using modern frontend technologies.
- Contributed to full-stack features, integrating frontend UI with backend APIs.
- Collaborated with the development team on debugging, testing, and deployment.

Frontend Developer Trainee (React + Tailwind) Bano Qabil Sahiwal

June 2026 - August 2026

- Trained in modern frontend development using React.js and Tailwind CSS.
- Built responsive, component-based UI projects as part of hands-on training.

Digital Marketing Trainee Bano Qabil Sahiwal

2025

- Completed hands-on training in SEO, Google Business SEO, and Meta/Google Ads fundamentals.
- Applied digital marketing concepts through practical campaigns and content writing.

Frontend React Developer Freelance / Self-Employed

June 2024 - Present

- Building modern web applications and e-commerce solutions for clients using React, Tailwind CSS, and Node.js.
- Delivered 7+ projects for diverse clients, including custom Shopify stores with optimized conversion rates.
- Developed responsive, performant React applications end-to-end.

Junior Web Developer Digital Agency

August 2023 - May 2024

- Developed and maintained client websites; built 10+ responsive landing pages.
- Improved site performance scores by 35% and integrated third-party APIs and CMS backends.
- Collaborated with the design team to implement pixel-perfect UI components.

FEATURED PROJECTS

- WH William Henry - E-Commerce** - Responsive fashion e-commerce platform with cart system and admin analytics dashboard.
- QuizLab - AI Quiz App** - Quiz app with 6 categories, 3 difficulty levels, dark/light mode, and score history.
- AdminPanel - Dashboard** - Admin dashboard with Chart.js revenue graphs and sortable orders table.
- TaskFlow - Todo App** - Todo application with add/edit/delete/filter, persisted via localStorage.

- Interactive Calculator** - Real-time calculator (CodeAlpha project) with keyboard support and modern UI.
- Gradient Color Generator** - Interactive tool to discover and copy gradient color combinations.
- Personal Portfolio Website** - Responsive portfolio with scroll animations and contact form.
